Veneno das 4 – College Radio Show (PUC Minas- Brazil)

July 2009 – December 2009

Writer and presenter

Me, along with four university classmates and a producer from the school developed a radio show that aired every Friday at 4 where we talked about pop culture and current events in a humorous tone. The show gave me a lot of experience in team building, discussing ideas, brainstorming and it taught me how to listen to other people's opinions while still voicing my own.
